SAFE GUN STORAGE CHECKLIST

Safely storing firearms is the duty of every gun owner.

Gun safety isn't just knowing how to handle a gun properly—it's also about keeping it from getting into the wrong hands. Whether you keep a gun in your car, home or somewhere else, safely storing it 24/7 is a must in order to protect our children, prevent avoidable injury, and keep our weapons out of the hands of criminals. Together, we can keep our fellow Texans safe!

THE 1-2-3S OF SAFE GUN STORAGE

1 Store guns securely by using a trigger lock, biometric lock, gun case, strong box, gun cabinet or gun safe.

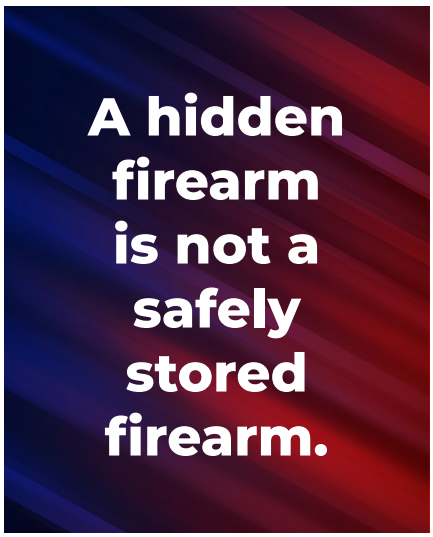

2 Store and lock ammunition safely.

3 Keep others from getting access to stored firearms 24/7. This includes family, friends, children or other visitors.

Are you practicing safe gun storage?

Make sure you can check ALL the boxes!

- ☐ Firearms are stored locked using a safe gun storage device.
- ☐ Ammunition is safely stored.
- ☐ Access to stored firearms is restricted from unauthorized persons at all times, no matter where the firearm is located.
- ☐ The keys for all locking devices are in a place children and other unauthorized users are unaware of and cannot access.
- ☐ As the owner of the gun, I have read and understand the laws around my responsibility and liability should it be used by an unauthorized person, such as a child.
- ☐ I have spoken to family members and trusted users asking them to use these safe storage steps. (Consider keeping this checklist near where you store your guns!)
